

Engine Holdings of the Castle Air Museum

August 12, 2003

Castle Air Museum has on display an Allison V-1710 (dash number unknown) and a Pratt & Whitney R-2800-97. Both are complete with accessories (starter, generator, magneto or magneto generator, propeller governor, carburetor). We also have a Pratt & Whitney R4360-69 and a cutaway Pratt & Whitney J57 which are not on display do to lack of a suitable space.
